Project:

Santa Maria Public Airport: Terminal Apron Rehabilitation Project

Subject:

Project Completion

Dear Mr. Hastert:

Construction on the Terminal Apron Rehabilitation Project has reached substantial completion. The project was successful in providing the necessary structural capacity to serve the airports design aircraft. The terminal Apron was opened to aircraft on September 11, 2017

To the best of my knowledge, information and belief, and on the basis of final inspection and ongoing observations during construction by Tartaglia Engineering (Brett Dolan, P.E.), the construction of the improvements included in this project is complete.

The project had a 150 working day construction contract period. Day 1 was October 17, 2016. A contract suspension was issued on January 30, 2017. The contract was resumed on April 10, 2017. Rain days and impacts to operations related to unsuitable subgrade issues will be added to the contract through Contract Change Order #1. The revised number of contract working days for this project is 187. All major items of contract work were completed on September 11, 2016, contract working day 162. CalPortland Construction, the general contractor, and subcontractors provided quality work and completed the effort in a timely manner

Tartaglia Engineering is currently working on the as-built plans and final engineers report. The effort should be complete within the next 40 days.

As always, I am available should you have any questions regarding the project or this correspondence. Thank you.

Sincerely,

Brett J. Dolan, P.E.

Project Engineer

REVOCABLE PERMIT AGREEMENT VIVA SANTA MARIA

THIS REVOCABLE PERMIT AGREEMENT, (herein called "Agreement") entered into this 22nd day of March 2018;

BY AND BETWEEN

SANTA MARIA PUBLIC AIRPORT DISTRICT, a public airport district organized pursuant to Public Utilities Code Sections 22001, et seq., hereinafter referred to as "District";

and

International Aerobatic Club, Chapter 26, hereinafter referred to as "Permittee";

WITNESSETH

WHEREAS, District is the owner of the Santa Maria Public Airport ("Airport"), which airport is located in the City of Santa Maria, County of Santa Barbara, California; and

WHEREAS, Permittee desires to use portions of said Airport August 31, 2018-September 4, 2018 for the purpose of conducting and aerobatic contest; and

NOW, THEREFORE, in consideration of the mutual covenants, conditions, and promises contained herein below, it is mutually agreed as follows:

1. SCOPE OF PERMIT

District hereby gives Permittee permission to utilize portions of the Santa Maria Public Airport for the staging and conducting an aerobatic contest, hereinafter referred to as "Activities", and for purposes incidental thereto for the dates and times described in Paragraph 4 below, subject to the conditions set forth below.

2. FEE

Pursuant the Districts' rates and charges schedule, the fee for this permit is as follows:

August 31st – September 4th (Three Day Event, not including setup/teardown)

\$1500.00

3. NATURE OF INTEREST GRANTED

For all the purposes of this permit, Permittee is and shall be deemed to be, with respect to District, a licensee. It is mutually agreed and understood that nothing contained in this permit shall be deemed or construed to constitute a partnership or joint venture between the parties to this permit. This Agreement is merely for the purpose of allowing Permittee to use the airport and the facilities thereon to stage and conduct said Event and activities related and incidental thereto.

4. EFFECTIVE DATES OF PERMIT

This permit shall allow Permittee to utilize portions of the airfield of the Santa Maria Public Airport depicted in Exhibit "A" attached and incorporated by this reference, pursuant to the terms and conditions of this Agreement and any reasonable access for preparation, removal of equipment, and cleanup associated with the Activities.

5. OBLIGATIONS OF PERMITTEE

This Agreement is contingent upon the following:

- A. Permittee shall obtain the approval of the Federal Aviation Administration (FAA) for all phases of said Activities requiring such approval.
- B. Permittee shall notify and coordinate with the District and obtain approval for specific dates and times for use. The Activities shall not affect normal airport operations and shall minimize the Activity's impact to tenants and other users.
- C. Permittee shall furnish all personnel necessary to direct automobile parking, give traffic direction, and provide crowd control.
- D. Permittee shall provide all sanitary and first aid facilities necessary to accommodate expected crowds and sufficient adult security personnel to protect based and transient aircraft and participating aircraft, vehicles and equipment, to direct automobile parking, give traffic directions, to provide crowd control, and to prevent attendees from leaving the Activity area and entering onto active aircraft pavements during the period of this permit.
- E. Permittee shall arrange all fire protection, ambulance and aircraft crash rescue functions as are deemed necessary by the parties hereto or by any agency with jurisdiction.
- F. Permittee shall clean up, repair and maintain any area of the Santa Maria Public Airport impacted by activity under this permit, immediately subsequent to the close of the Activities. Permittee shall clean the entire area used by it, remove any and all debris and trash, and restore the area to the condition existing immediately prior to the commencement of Permittee's operations.
- G. Permittee shall obtain and timely bear the expense of all licenses, permits, and other authorization required by applicable public agencies. Permittee shall pay promptly all lawful taxes and assessments which may be levied by federal, state, county, city or other tax levying body on any taxable interest of Permittee, including possessory interest taxes, as well as all taxes and assessments on taxable personal property of whatever nature owned by Permittee and located on the permit premises.
- H. Permittee and its invitees shall access the Activity area only through the gates V16, V17, V28, and D13 (Radisson Door). Use of any other gate is subject to approval by District.

6. OBLIGATIONS OF DISTRICT

- A. District may in its sole discretion make available for use by Permittee District-owned property, both real (buildings, etc.) and personal for which District may charge a reasonable fee.
- B. The use of District's real or personal property shall be at no cost to District above and beyond normal operating costs of the Airport and Permittee shall bear all costs connected with the staging of said Activities incidental thereto.
- C. Permittee shall not interfere with the regular operation of persons engaged in air commerce or tenants doing business on the airport by virtue of a lease with District.

7. SAFETY

Safety shall be the keynote of this Activity. Anyone deemed to have acted, flown or driven in an unsafe or reckless manner, or in a manner and style considered beyond good airmanship and safety shall be barred from the Event, escorted from the airport by Permittee or District, and barred from any further flight. It shall be the duty of Permittee to ensure that safety and proper airmanship will be observed at all times. Permittee shall take any and all steps necessary, including prohibition of flying, when Permittee or District determine that the principles of good airmanship and/or safety have been violated. In the absence of an FAA monitor, District's General Manager, or his representative, may stop any and/or all unsatisfactory flight operation until the unsafe or unsatisfactory condition is corrected.

8. <u>INSURANCE</u>

- A. To the extent insurance covering the Event is available (the cost of insurance is irrelevant to whether it is considered available under this provision), Permittee shall obtain and maintain in full force and effect during the period of the Event and/or any activity pertaining thereto (including setup of premises, practice flights, performance, cleanup, and dismantling):
 - a) Commercial general liability insurance, including bodily injury and death liability, property damage liability and premises liability of at least \$1,000,000 for each accident or occurrence.
 - b) The Santa Maria Public Airport District, its directors, employees, officers, agents, and representatives, are to be included as additional named insured.
 - c) Comprehensive general liability insurance including public liability, contractual liability and property damage.
 - d) The Santa Maria Public Airport District shall be an additional insured on the policy and shall be provided a Certificate of Insurance not less than fifteen (15) days prior to the scheduled event date showing that coverage is in effect for the entire period of the Permit. No material change in coverage or cancellation may be made after that time.

B. Permittee shall file with District's General Manager prior to any and all activities pertinent to the granting of this permit and/or its rights and privileges (including setup of premises, practices, performances, cleanup, and dismantling), a Worker's Compensation insurance certificate covering its employees (if any). Coverage shall be statutory limits.

9. DISTRICT HELD HARMLESS

Permittee shall defend (with legal counsel acceptable to District), indemnify, and hold harmless the District, its officers, employees and agents from and against all liability, loss, judgment, claims, demands, costs and expenses for injuries to or death of persons, or damages to property caused by Permittee, its agents, invitees, performers or employees, or by their use or occupancy of the Santa Maria Public Airport, excluding only liability or loss occasioned, caused or suffered by the sole active negligence or willful misconduct of District.

Further, Permittee shall defend, indemnify, and hold harmless the District, its officers, employees and agents, from and against all liability, judgment, loss, claims, demands, costs and expenses which may accrue, as a consequence of District granting this permit and agreement to Permittee, and from Permittee's compliance with the provisions of District's rules, regulations, resolutions and ordinances required by District.

10. NO DEMANDS UPON DISTRICT

Permittee accepts the Santa Maria Public Airport in the condition the Airport is in immediately prior to Permittee's occupation and use thereof for the purposes of this permit and shall make no demand upon District for any alterations, repairs, or construction.

11. <u>USE OF SANTA MARIA PUBLIC AIRPORT</u>

Permittee may use such public-use areas and facilities at the Santa Maria Public Airport as are designated by District's General Manager. Permittee shall have the right to construct and maintain such temporary facilities and/or structures as are necessary for operations as allowed by this permit, including controlling the ingress and egress of the public and Event participants, provided District's General Manager first approves any such temporary facilities and/or structures. Upon the request of District's General Manager, Permittee shall remove said temporary facilities and/or structures.

12. DAMAGE TO SANTA MARIA PUBLIC AIRPORT

Permittee shall repair or cause to be repaired, at its own expense, any and all damage and injury to the property of District or to the property of others on the Santa Maria Public Airport, and which damage has been caused by Permittee, its agents, employees, or others who may be on the airport for any purpose connected with the staging and operation of the Event or attendance at the Event. This provision includes but is not limited to all aircraft moved from their normal and regular tiedown or parking spaces to make room for Event activities, until returned to their normal and regular tiedown or parking spaces. Permittee accepts full legal liability and responsibility for all such aircraft while located at the Santa Maria Public Airport whether at their regular tiedown locations or otherwise.

13. COVENANTS

Permittee specifically agrees and covenants as follows:

- A. That in its operation of the Activity and the operation of all of its activities on the Santa Maria Public Airport, neither it nor any person or organization occupying space or facilities thereon will discriminate against any person or class of persons by reason of age, disability, sex, race, color, creed, or national origin in the use of any facilities provided for the public on the airport.
- B. That in rendering to the public any service (including the furnishing or sale of admission tickets, transportation, supplies, or materials) essential to its operation at the airport, it will:
- 1) Furnish such service on a fair, equal, and not unjustly discriminatory basis to all users thereof; and
- 2) Charge fair, reasonable, and not unjustly discriminatory prices for each unit or service; provided that Permittee may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers.
- C. This permit is subject to all existing leases, licenses, and other agreements for the use of the Airport between District and any other person or entity.
- D. Permittee will obey the rules and regulations as may from time to time be promulgated by District or its authorized agents in charge of the airport, to ensure the safe and orderly conduct of operations at the Airport. Permittee shall also obey the aviation-related rules and regulations as may from time to time be promulgated by the United States, or by any of its departments or agencies, and by the State of California. Specifically, District's official Rules and Regulations governing operations at the Santa Maria Public Airport, as may be amended from time to time, are incorporated by reference into this permit and made a part hereof.
- E. Permittee shall use the airport in an orderly, peaceable, and quiet manner, and in strict compliance with all applicable laws and ordinances and shall not use the premises, nor allow any person or persons to use the premises, for any purpose whatsoever that is in violation of any law or ordinance.

14. NO ASSIGNMENT, DELEGATION, NOR SUBLICENSING

This Agreement, being the nature of a personal and revocable permit, may not be assigned, delegated, nor can it as a whole, be the subject of a concession or sublicense agreement. However, Permittee may allow concessionaires to enter upon the Santa Maria Public Airport for the performance of functions and services within the scope of the uses allowed to Permittee under the provisions of this Agreement. To avoid uncontrolled vending of merchandise during the period of this permit, only those tenants having an agreement with District, and concessionaires, exhibitors, and salespersons having written agreements with Permittee, will be allowed to sell to the public on the airport.

15. RIGHT TO AMEND

This permit shall be subordinate to the provisions of any existing or future Agreement between District and the United States, including those by which District obtains federally owned surplus property or federal aid for the improvement, operation, and/or maintenance of the airport. In the event that the Federal Aviation Administration, or any other federal agency, requires modifications or changes in or revocation of this permit as a condition for the granting of funds for the improvement of the airline terminal or lands and improvements covered by its laws, rules, or regulations, Permittee agrees to consent to the amendments, modifications, revisions, supplements, or deletions of any of the terms, conditions, or requirements, or revocation of this permit as may be required to obtain such funds.

16. SPECIAL PROVISION

Nothing contained in this permit shall be construed as granting or authorizing the granting of an exclusive right within the meaning of Section 308 of the Federal Aviation Act of 1958.

17. CANCELLATION BY DISTRICT

District, in addition to any rights to which it may be entitled by law, may cancel or revoke this permit upon or after the occurrence of any of the following events:

- A. The assumption by the United States Government, or any of its authorized agencies, of the operational use or control of the Santa Maria Public Airport, or any substantial part of the airport, in such manner as to substantially restrict the use of the airport for any of the purposes for which Permittee is authorized;
- B. The existence or operation of any rule, regulation, sponsor assurance, or order of the Federal Aviation Administration, directly or indirectly, requiring the discontinuance or substantial reduction of the use of the airport for any of the purposes for which Permittee is authorized:
- C. The issuance of an injunction by any court of competent jurisdiction restraining the use of the airport for any of the purposes for which Permittee or District are authorized:
- D. The appointment of a receiver of Permittee's assets which results in a liquidation of Permittee's assets;
- E. The general assignment of this permit by Permittee for the benefit of creditors;
- F. The default by Permittee in the performance of any of the terms and conditions required by this permit to be kept and performed.
- G. The occurrence of any event which in the opinion of District's General Manager threatens the safety of those using the Airport, the Airport itself, or property on the Airport.

18. WAIVER

It is agreed that a failure on the part of District to take appropriate action or to declare this permit terminated for default by Permittee in any one or more of the terms, covenants, or conditions will not be considered or construed as a waiver by District of such right on any further or future default on the part of Permittee.

19. <u>SURRENDER</u>

Permittee covenants that on the expiration of this permit, Permittee will peaceably and quietly leave and surrender the premises in as good condition as they are now (or may be at time of entry under this permit) after making alterations, additions, or improvements as permitted by District, ordinary wear and tear excepted.

20. TIME

Concerning this permit and the performance of each and every provision contained in it, time is of the essence.

21. <u>SECTION HEADINGS</u>

The section headings contained in this permit are for convenience in reference and are not intended to define, govern, limit, modify, or in any manner affect the scope, meaning, or intent of the provisions of this permit.

22. NOTICES

Corner / Deadline Judge Fixture

The corner judge fixture uses two parallel bars to sight a plane that defines the boundaries of the aerobatic back. By having a device that has two sides set at 90 degree angles, a single person can monitor and judge 2 sides of the aerobatic box. 2 corner judges are all that are required to monitor all 4 sides.

The Deadline judge may be used if the participant is prohibited from flying too close to a runway. They use the same device however only need to monitor 1 side.
