# Santa Maria Airport Board Meeting 12 July 2019

# Gentlemen:

In sworn depositions, all of you, to include Chris Hastert (and except for Steve Brown, who at the time was not involved), .....stated that "I had never provided false or misleading information to you".

For a long time, I have asked for a negotiated settlement with you as has been successfully done with other private and public organizations. ......There has been no recorded response.

# Two meetings ago I asked for a vote in public, on my offer.

I am the only person here who responded to the community calls for more airline service. At great personal cost, I did provide that service to San Jose, Sacramento and Las Vegas with a fully FAA and DOT approved,...Santa Maria based..., airline while renting space and paying other charges to the Airport....... and did so, with none of the subsides have been given to other airlines and who left.

**Mr. Engel**: I am still waiting for the "embarrassing-very embarrassing" information on me that in closed session you said you had.... to bring it here and lay it out in public as I have requested.

Mr. Adams: In a board meeting you publicly called for my resignation after the Santa Maria Times accurately reported

that the Russians had offered to FEMA, the legal channel, to come here to help on our fires. The Times later reported that FEMA (who falsely) stated.... there was no such offer.

**Mr. Rafferty:** I hope you can restore your reputation for honesty and integrity and help move this issue to a conclusion for the good of the airport, without the personal vendettas.

**Mr. Brown:** I have great regard for you. You started an energy business in a garage and have grown it to be an important part of this community.

I ask you to consider the possible value to your business of someone who with a small note from you, multiplied it many times with personal and other funds to bring more trucks and customers to you at less cost per customer than all the other service providers have done.

The fully complied with airport note, was never renegotiated in good faith, but became an apparent vehicle for personal vendettas after winning an election.

As Judge Beebe said in court records: "I am being punished for doing a good deed".

For what I believe is for the good of the airport, I again request my settlement offer be placed on the next agenda for a board vote, in public.

Thank you

David E. Baskett My door is open.
